

10 LITTLE SCARECROWS

Verses can be read by different boys

10 little scarecrows

Thought striking matches fine
One set himself alight
And then there were 9

Fireman Sam says
Never play with matches

9 little scarecrows

Playing around the grate
Hot coal jumped out at one
And then there were 8

Fireman Sam says
Keep all fires guarded

8 little scarecrows

Thought they'd climb to heaven
One used a broken chair
Then there were 7

Fireman Sam says
To reach things use a stepladder not a broken
chair

7 little scarecrows

With the light played tricks
One touched a faulty switch
Then there were 6

Fireman Sam says
Do not touch electric wiring, sockets or plugs

6 little scarecrows

To help the cook did strive
Boiling water scalded one
Then there were 5
Fireman Sam says
Keep boiling liquids, teapots and kettles out
of reach

5 little scarecrows

Hurrying to the door
One spoke to a stranger
And then there were 4

Fireman Sam says
Never talk to or take sweets from strangers

4 little scarecrows

Going on a spree
One tripped and fell downstairs
And then there were 3

Fireman Sam says
Keep staircases clear from toys

3 little scarecrows

Wondering what to do
Played with the gas taps
And then there were 2

Fireman Sam says
Don't fiddle with knobs on cookers and fires.

2 little scarecrows

Played with knives for fun
One sliced his finger off
And then there was 1

Fireman Sam says
Keep knives and scissors etc. in a safe place.

These dangers in the home

Are all very real
But the greatest danger in the world
To Anchor boys and All
Is the CUNNING EVIL one
That's called the DEVIL
